VICTORIA WATCHES THE SPORT

British Police Plan an International
Campaign Against the Reds as Only
Way to Rid the World of the As-
sassin—Plot Discovered Against
President Roosevelt.

(By Associated Press.)
MADRID, SPAIN, June 3. (3.00 a.
m.)—An individual exactly resem-
bling the man supposed to have thrown
the bomb at the King and Queen
Thursday, committed suicide in the
village of Torrejondeardo, near Mad-
rid, when he was about to be arrest-
ed.

The royal bull fight this afternoon
was the climax of the spectacular
magnificence attendant upon the mar-
riage of King Alfonso and for the
time being Madrid forgot the horrors
of the attempt on the lives of the
royal pair amid the brilliancy and ex-
citement of this national sport.

The bull fight itself was a disap-
pointment to the spaniards as some
of the usual blood-curdling features
were omitted as a concession to the
Queen. She viewed the gory spec-
tacle without the least evidence of
emotion. One maddened bull literally
tore a horse to pieces under the
royal box, from which Victoria look-
ed down without flinching.

REWARD OFFERED FOR CAPTURE

Englishman Not the Man Wanted—
Don Jaime Sends Congratulations.
WADRID, June 2.—A reward of
25,000 pesetas, about \$5,000 has been
offered for the arrest, or discovery,
of the author of Thursday's bomb
outrage.

The killed by the bomb explosion
now number twenty-four.

The ball which was to have been
at the palace this evening has been
abandoned owing to the general
mourning and a reception has been
substituted.

Robert Hamilton, the Englishman
arrested yesterday on suspicion that
he was an accomplice of the anarchist
who threw a bomb at King Alfonso,
was released this morning. Hamilton
proved to be a mere tourist.

A telegram was received by King
Alfonso today from Don Jaime, son of
the Spanish pretender, who is in Par-
is addressed to Alfonso of Bourbon.
"I wish to congratulate you upon your
escape from this outrage."

WAR DECLARED ON "REDS."

Wld's Police Officials Plan to Stamp
Them Out.

LONDON, June 2.—The attempt
made upon the lives of King Alfonso
and Queen Victoria has brought the
question of what action would be taken
by all the nations jointly to quell
anarchists, and the question now is
the subject of discussion among British
favor international action against
the "reds" as the surest way of put-
ting an end to such outrages.

ROOSEVELT'S LIFE THREATENED

Anarchists in the West Plot to As-
sassinat President.

PORTLAND, ORE., June 2.—The
presence of a large body of Russian
Nihilists here, who, it is alleged have
been plotting to assassinate President
Roosevelt, has just been learned by
local detectives, who are actively at
work on the case.

The fact came out through the ar-
rest of a Pole here for an assault upon
Russians. His trial yesterday re-
sulted in acquittal, and then he and
his friends informed the police of the
Nihilistic groups.

It was declared that the Nihilists
have been only awaiting the accumu-
lation of sufficient funds before
sending a deputation to Washington
to "remove" President Roosevelt.

CIGARETTES HAVE A FRIEND IN LONDON MEDICAL PAPER

Amazing Amount of Rubbish About
Subject Distributed by In-
temperate Enthusiasts.

(By Associated Press.)
LONDON, June 2.—The much
abused cigaret finds a strong defend-
er in the "Practitioner," one of the
principal organs of the medical pro-
fession, which protests against the
threatened "grandmother legislation"

about cigarette smoking in lines
which have already proved ineffective
in the United States.

There the prohibition of the cigar-
ette has led boys who smoke to ex-
change their mild indulgence in pa-
per flavored with tobacco for the
fiercer joys of cigar and the pipe.
Probably, the "Practitioner" states,
Dr. Maenamara's bill, if it becomes
law, will have the same effect here.

"It is not easy for those who know
anything of the action of tobacco
on the human frame to understand
the horror with which so many
worthy persons regard the cigarette,"
declares the expert journal.

"That smoking in excess is not
good for boy or man, or woman, is
a matter as to which all are agreed.
As has often been pointed out, the
cigarette is more injurious than the
cigar or the pipe, because it is more
insidious. But to banish the cigar-
ette utterly because it may be abused
is simply foolish. An amazing
amount of rubbish is distributed
about the matter by intemperate en-
thusiasts.

ness Consulting His Lawyer While

Are Produced.

(Special to the Daily Press.)
WILLIAMSBURG, VA., June 2.—

Eugene H. Clowes was again on the
stand in the Williamsburg hospital
legislative investigation today. He
has not made a good witness, rely-

times, and replying in a single word
to long and complicated questions.

Colonel Lawless, counsel for Dr.
Foster, objected to the witness wit-
nessing to his counsel while on the
stand and the chair sustained the ob-
jection.

Mr. Clowes denied that allegation
that he had voted for a negro re-
publican and said politics have had
no part in the affairs of the hospital
for the last five years.

Mr. Clowes said that the charges
against him made by Dr. Foster were
entirely unexpected, and he produced
letters from Dr. Foster, which he
said he regarded in a friendly na-
ture.

the death of many of them.

strike. They are defiant, marching
through the streets and only awaiting
the appearance of the anarchist flag
to attack every Mexican and Ameri-

them.

"There are between fifty and sev-

phone this afternoon, said that there
still exists considerable anxiety and
uneasiness and indicated that the
trouble was not entirely at an end.

Mob's Leaders Escape.

After the arrival of the Arizona
rangers, many of the ring-leaders in
the riot yesterday ran into the sur-
rounding mountains and no further
serious trouble occurred after their
flight.

Governor Yaebel, of Sonora, arrived
here this morning and gave orders
permitting the armed Americans,
who were there from Arizona, to ac-
company him to Cananea. The Ameri-
